## COVID-19 Mass Immunization Clinics Wind Down

Due to a decreased demand at mass immunization clinics (MICs) and in alignment with provincial direction, the Health Department will gradually close MICs in August and September and transition to offering COVID-19 immunization to Durham Residents via targeted pop-up and mobile clinics.

Residents are encouraged to visit [durham.ca/covidvaccines](https://durham.ca/covidvaccines) to obtain the most up to date information regarding locations to obtain COVID-19 vaccines during and after this transition. Scheduled and walk-in appointments will be available at MICs up to and including each site's closure date:
