

Durham Region Health Department FAX about...

For Health Care Professionals

Durham.ca/HCP Website Updated

The Health Care Professionals web page durham.ca/HCP was recently updated. This website is dedicated to providing local health care professionals with timely and important information from Durham Region Health Department. New buttons have been added to navigate to the different sections of interest:

- **Current Topics:** Diseases of Public Health Significance and the associated notification form, perinatal mental health care pathway, ordering influenza vaccines online, and more
- **Alerts and Updates:** FAX about repository, IPAC Hub Spotlight e-newsletter, local opioid statistics, infectious disease surveillance reports, and more
- **Forms:** Vaccine ordering forms, STI medication ordering forms, dental program application forms, reporting AEFIs (adverse events following immunization), reporting Diseases of Public Health Significance, reporting animal bites, reporting cold chain incidents, and more
- **Tools and Guidance Documents:** Quick links to relevant guidance for alcohol, cannabis, opioids and smoking, concussions, oral health, infectious diseases, immunizations, AEFIs, mental health, Potassium iodide (KI) tablets, pregnancy, rabies post-exposure prophylaxis, and healthy sexuality
- **Learning and Education Opportunities:** Quick links to learning modules on fall prevention, infection control, substance use, and vaccine storage and handling
- **Order Resources:** Free print resources for you and your clients

Navigate to durham.ca/HCP and click on “receive email updates” at the bottom of the page to subscribe to the website. For those who had subscribed in the past, you will need to re-subscribe to this page.

If you have any feedback about FAX abouts or want to recommend a topic for distribution, please email Faxabout@durham.ca.
